

# Cambridge Primary English as a Second Language Curriculum Framework

## Mapping of curriculum framework codes for 2017

The Cambridge Primary English as a Second Language curriculum framework has been reorganised under new codes for 2017. The learning objectives have been reorganised under codes that have a direct link to reporting.

As a result of the reorganisation the curriculum framework codes for the Reading, Writing, Use of English and Listening learning objectives have been renumbered and reordered. This document provides a mapping of the new codes for the learning objectives for 2017. The curriculum framework codes for the Speaking learning objectives are unchanged for 2017.
